A home away from home

for older people and
those living with a
form of dementia

About Bridgewater Day Care

At Bridgewater Day Care, our day services provide a friendly, fun, community focused atmosphere for our clients with support from our well trained team and local community partners.

The centre provides respite for family carers, giving the peace of mind that their loved ones are in excellent hands.

Specialising in support for the elderly and those living with a form of memory loss, the service allows older people to create new friendships, engage in hobbies and activities both past and new, maintain mental stimulation and much more.

Bridgewater Day Care was established in response to a growing need in day care services for older people.

The purpose of our service is to provide a positive, stimulating environment for older people and those living with a form of Alzheimer's disease and other dementia's.

Our clients enjoy a welcoming atmosphere with friendly, professional support staff that engage with, stimulate and encourage clients to remain mentally and physically active. The aim of our service is to provide a fun and stimulating environment for our clients and also give respite and support to their carer's and relatives.

The support team at the centre undergo a thorough vetting procedure which includes DBS checks, professional and personal references and a rigorous interview process before employment. They are specifically trained to support older people and those living with a form of dementia. All our care team are Dementia Friends, this means that our support team fully understand the needs of our clients and understand what family carers go through.

For our clients the benefits of attending Bridgewater Day Care are extensive; these include but are certainly not limited to:

- A **safe and secure environment** to spend the day
- **Enjoyable** and stimulating activities
- **Improvement** in mental and physical health
- **Enhancing** independence
- Socialisation and **peer support**
- **Nutritious meals** with refreshments throughout the day

Services

Bridgewater Day Care is a Dementia Champion accredited centre providing high quality support and care in a 'Home away from Home' environment.

Bridgewater Day Care is designed for older adults who are no longer able to manage independently or who may be at risk of becoming isolated and lonely.

Our day service enables older people to socialise with others while still receiving the care and support services that they need throughout the day. At the same time, the service offers carers a break from their day to day caring duties whilst knowing that their loved ones are in excellent hands. The centre also holds carers support meetings and Dementia Cafe's accessible to the community as a whole.

Services that we offer at the centre include:

- **Day Care** (6 hours per day)
- **Nutritious Meals**
- **Transport** for travel to and from the centre
- **Bathing Service**
- **Dementia Cafe**
- **Carers Support Group**

Coffee, tea, refreshments and biscuits are provided throughout the day **free of charge**.

We welcome both privately paying clients and those who receive funding for their care.

Our day care service currently operates from Monday to Friday 10am - 4pm
